

Important

Please read the following regarding your cancellation

Massachusetts law dictates that we notify the insurance carrier **three** days prior to the effective date of cancellation when a default has been rectified. To avoid cancellation by the insurance carrier, your payment must be received no later than **4:00 p.m. EST** on the **third day** prior to your cancellation effective date in order to give us time to request reinstatement from the insurance carrier. If the insurance carrier does not receive notification that a default is rectified at least three days before the effective date of cancellation, they may not honor our request to reinstate your insurance policy.

As a matter of convenience we have made available to you, through Payment Processing Services, an online payment option that is easy to use and can be completed in just a few minutes. When your payment is submitted, we apply it to your account just as if you mailed it to us. You will receive an email confirming your payment within seconds!!! To use this payment service, access our site at <http://thrifty.accounts-in-view.com>.
